ACADEMIC IMPACT

Published Journal Author

Executive Summary & Value Proposition

A dedicated technologist bridging solid engineering practices with strategic organizational leadership.

PROFESSIONAL BACKGROUND

Computer Science undergraduate at Universitas Negeri Semarang and McKinsey Forward Program Participant with strong capabilities in software engineering, applied AI, and project leadership. Proven track record architecting enterprise solutions (Laravel, Vue.js, PostgreSQL) and conducting rigorous functional QA across 77 test scenarios.

Skilled in bridging technical execution with strategic organizational goals, experienced in leading cross-institutional initiatives and managing multi-stakeholder projects. Eager to drive measurable business value and digital transformation in consulting and global enterprise environments.

"Bridging technical execution with strategic organizational goals to drive measurable business value and digital transformation."

3.84

CUMULATIVE GPA

Bachelor of Computer Science at UNNES (out of 4.00)

McKinsey

FORWARD PROGRAM

Selected for McKinsey.org global leadership program

1

JOURNAL PUBLICATION

Corresponding author on AI chatbot research in UNNES Journal

2×

EVENT CHAIRPERSON

Led cross-university comparative studies with UNESA & UB

ENGINEERING RIGOR

Enterprise Laravel, Vue.js & PostgreSQL architecture with rigorous QA across 77 functional test scenarios.

STRATEGIC PROBLEM SOLVING

McKinsey Forward participant applying MECE frameworks, issue trees, and digital transformation.

PROJECT LEADERSHIP

Cross-university event chairperson, multi-stakeholder coordination, and international exchange.

Professional Experience & Leadership Trajectory

Demonstrated delivery across software engineering, strategic problem-solving, and institutional governance.

01

McKinsey Forward Program Participant

SEP 2026 – PRESENT

McKinsey & Company • [Global Initiative](#)

Selected for intensive global learning initiative. Applying MECE frameworks, issue trees, and digital transformation to evaluate complex business scenarios.

02

Web Developer Intern

FEB – JUL 2026

PT Teknologi Aplikasi Sejahtera (TAS) • [Corporate Internship](#)

Engineered enterprise Document Management System (Laravel, Vue.js, TypeScript, PostgreSQL) and executed 77 Black Box test scenarios with zero critical defects. Rating: EXCELLENT.

03

Inbound Virtual Student Mobility

JUL – SEP 2026

Universiti Tun Hussein Onn Malaysia (UTHM) • [International Mobility](#)

Completed international academic exchange focusing on Industrial Revolution 4.0 concepts, digital transformation trends, and cross-border technical discussions.

04

Secretary, Public Relations Dept

FEB – NOV 2025

UKMP, Universitas Negeri Semarang • [Department Leadership](#)

Event Chairperson for 2 cross-university comparative study programs with UNESA & UB. Managed stakeholder communications, logistics, and student delegations.

05

Staff of Internal & Organizational Supervision

APR – DEC 2024

ISAFIS (Indonesian Student Assoc. for Int. Studies) • [Systems & Governance](#)

Developed and deployed secure online voting system for presidential election. Maintained central member databases and co-executed MOCA 2024 orientation.

06

Corresponding Author & Lead Researcher

AUG 2023 – FEB 2024

UNNES Journal (Mediasi) • [Academic Research](#)

Authored peer-reviewed paper on AI chatbot instructional efficacy in university Operating Systems education, conducting statistical and usability analysis.

EXECUTION HIGHLIGHTS

STRATEGIC CONSULTING McKinsey Forward participant applying MECE problem-solving & digital fluency.	ENGINEERING RIGOR Production systems with comprehensive test coverage across 77 functional scenarios.	BILINGUAL COMMUNICATION Bahasa Indonesia (Native) & English (Fluent professional working proficiency).

Academic Honors, Competitions & Certifications

Documented verification of analytical rigor, scientific communication, and cloud infrastructure knowledge.

GLOBAL LEADERSHIP INITIATIVE

ACCEPTED

Selected Participant — McKinsey Forward

McKinsey & Company · Sep 2026 – Present

Selected for intensive global learning initiative. Applying MECE frameworks, issue trees, digital transformation, and agile adaptation to evaluate complex business scenarios.

PEER-REVIEWED PUBLICATION

PUBLISHED

Corresponding Author & Lead Researcher

UNNES Journal (Mediasi) · Published Feb 2024

Authored peer-reviewed paper on AI chatbot instructional efficacy in university Operating Systems education. Conducted statistical data analysis and usability evaluation.

NATIONAL ESSAY COMPETITIONS

HONORS

Activation 7.0 & MEDISPRO Honors

Universitas Brawijaya & UNNES · 2024–2025

Top 10 Finalist for "Stoddlers" (interactive edutech platform, UB, Nov 2024) and 5th Place for "SkinAlyzr" (deep learning multi-task mobile app for skin diseases, UNNES FK, Sep 2025).

INDUSTRY CERTIFICATION & INTERNSHIP

CERTIFIED

AWS Cloud DevOps & PT TAS Rating EXCELLENT

Dicoding Indonesia × AWS & PT TAS · 2023–2026

Completed Web Dev Internship rated EXCELLENT with 77 functional Black Box test scenarios passed. Certified in AWS DevOps Fundamentals (Verification ID: 1RXY0GQM3ZVM).

Verified Commitment to Technical Excellence & Academic Rigor

From peer-reviewed publication to national competitive writing, McKinsey leadership, and AWS cloud certification, each milestone demonstrates consistent quality and dedication.

Let's build reliable, high-impact systems together.
